

**IN THE UNITED STATES COURT OF FEDERAL CLAIMS  
BID PROTEST**

AMAZON WEB SERVICES, INC.,

Plaintiff,

v.

UNITED STATES OF AMERICA,  
by and through the U.S. Department of Defense,

Defendant.

Case No. 19-1796 C

Judge \_\_\_\_\_

**NOTICE OF DIRECTLY RELATED CASE**

Pursuant to Rule 40.2 of the Rules of the Court of Federal Claims, Plaintiff Amazon Web Services, Inc. (“AWS”) provides notice that the above captioned case is directly related to *Oracle Am., Inc. v. United States*, 144 Fed. Cl. 88 (2019) (No. 18-1880C), which was decided by Court of Federal Claims Judge Eric G. Bruggink and is now on appeal at the U.S. Court of Appeals for the Federal Circuit, *Oracle Am., Inc. v. United States* (No. 19-2326).

This case is directly related because it involves the same contract, the Joint Enterprise Defense Infrastructure Contract, Contract No. HQ0034-20-D-0001, which was awarded under Solicitation No. HQ0034-18-R-0077 to Microsoft Corporation (“Microsoft”).

AWS expects assigning this case to Judge Bruggink would conserve judicial resources and promote the efficient administration of justice because AWS’s post-award bid protest concerns the same solicitation as that which was the subject of the related matter that Judge Bruggink previously decided.

Dated: November 22, 2019

Respectfully submitted,
